## RoHS regulation - Attestation of conformance for Ugitech articles in stainless steel and alloy

### Europe

We hereby declare that the stainless steels and alloys produced by Ugitech

- comply with the requirements of the European Regulations and Directives applicable to said steels:
  - Directive 2011/65/EU (RoHS2) of 8/06/2011 replacing Directive 2002/95/EC of 27/01/03 'Restriction of the use of certain hazardous substances in electrical and electronic equipment', incorporating in particular the version amended by Delegated Directive 2017/2102/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment
  - including the substances covered by RoHS3 Directive 2015/863/EU of 31/03/2015 concerning in particular lead, mercury, hexavalent chromium Cr6+, polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), cadmium, bis(2-ethylhexyl) phthalate (DEHP), butylbenzyl phthalate (BBP), dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP).
- have a maximum concentration threshold of <0.1% (<0.01% for Cadmium)

### China

It is hereby declared that all the stainless steels and alloys produced by Ugitech are

- complies with the reform of the RoHS system called "Arrangement for Implementing the Conformity Assessment System for the Restricted Use of Hazardous Substances in Electrical and Electronic Products" published on 16 May 2019 by the State Administration for Market Regulation (SAMR) and the Ministry of Industry and Information Technology (MIIT)
- Have a maximum concentration threshold <0,1% (<0,01 % for Cadmium)

If need be, Ugitech will immediately inform you of any modification of his products due to implementation of the regulations.

For all due intents and purposes
